**MORE REPORTS ON THE  
MEMBERSHIPS OF  
RED CROSS**

Totals on the Red Cross membership campaign in Ogdén and Weber county remain uncertain. Reports, however, which came in today continue to lend encouragement to the original estimate of 8000 for the entire county—6000 of which are in Ogdén. Plain City leads today's list with a report of 153 from a community of 151 families. Eden, with twenty families, returned sixteen memberships. Slaterville averaged a member for every family; and Liberty is maintaining a similar standard. Huntsville is expected to report 175 tomorrow.

In the city, the Elks lodge is occupying the calcium today with the congregational church a close second. The Elks have made numerous reports and are not yet finished. The congregational church annexed 147 members during the big drive.  
It was announced this afternoon that all those reporting tomorrow will file their returns at the old Red Cross headquarters, fifth floor, First National bank building. The present headquarters, 2482 Washington avenue, opened last week specially for the membership campaign, will close tonight.

**WILL BORE FOR GAS  
AND OIL TO WEST  
OF OGDEN**

C. H. Moffett from Boise, Idaho, accompanied by Will S. White and P. H. Ball, made a trip to Wilson Lane to investigate surface indications of natural gas near Ogdén, and at the Cove farm found large quantities of gas escaping in the flow of a two-inch artesian well. When a match was applied, the gas burst into flame.

Mr. Moffett was one of the early promoters of natural gas development at Woodfield, Ohio, and says the prospects for opening gas flows in and around Ogdén are good.  
The Ogdén Oil and Gas corporation has been formed, and Mr. White, who is to be manager, says he has obtained a lease on 250 acres in Wilson Lane and options on 100 acres, and his company a little later will begin to bore for gas and oil.

**GAMBLING CASE  
SUDDENLY ENDED**

County Attorney Charles Farr suddenly ended the gambling charges against six Greeks in the municipal court yesterday afternoon. The jury had been selected and one witness examined when the cases were dismissed. The county attorney dismissed when the court refused to permit him to amend the complaint by charging "gambling" instead of "gambling by playing Greek faro." There is a possibility that a new complaint will be filed, which is permissible under the laws.

The county attorney stated today that the case of the state against Andrew Stepphus, recently bound over to the district court for a trial on the charge of conducting a gambling house, will not be dismissed. Stepphus is alleged to have been running game at which the six defendants dismissed yesterday were gambling.

**BRAKEMAN HELD  
ON SERIOUS CHARGE**

R. D. Shaw, said to be a former Union Pacific brakeman, was brought to Ogdén from Evanston today by R. H. Soule, a deputy sheriff, and lodged in the county jail under a charge of burglary. Shaw was arrested at Evanston by a special officer of the Union Pacific railroad and three boxes of cigars, alleged to have been stolen by him from a box car in the Ogdén railroad yards, were found.  
The special officer communicated with Sheriff Peterson at Ogdén and asked that a deputy be sent for the man.

**BOY ROLLER SKATING  
HAS NARROW ESCAPE**

Little James Dudman, 13-year-old boy of James Dudman, escaped serious injury and possibly death by short inches about 10 o'clock last night. Scores who saw his escape gasped.  
The young man was using Twenty-fifth street, between Hudson and Grant, for a roller skating ring, when he collided with the big automobile of William Harberson. Mr. Harberson brought his car to a quick stop and the boy escaped the wheels.  
Officer Richardson, who witnessed the accident, was on the scene immediately, picked the boy up and took him to Carr's drug store for treatment. He later was sent home. The Dudman home is on Royal avenue, between Twenty-seventh and Twenty-eighth street.

**ECLIPSE OF MOON  
AFTER MIDNIGHT**

Ogdén folk who count on coming home tonight by moonlight would better start before 1 a. m. for the moon, a few minutes after that hour, will start to cover itself in an eclipse. However, the cloudcast sky obtains at that time, as it does now, possibly neither the way home nor the moon will be seen, and Ogdén folk will be cheated out of a rather unusual sight.  
The moon starts to enter the eclipse at about 1:02 a. m. and will be obscured practically the whole morning, coming out again at 4:47 a. m.

Mr. Jacobs said the farmers of that district were greatly in favor of raising products for canning but wanted some advice as to cost and other important matters, having had no experience. After hearing his talk and several others given at the meeting they went on record as unanimously in favor of boosting the enterprise and producing canning products.

The mayor of Provo, members of the commercial club and prominent business men as well as farmers, attended the meeting.

**BOOTLEGGERS ARE  
BEING PHOTOGRAPHED**

Twenty-four pints of whiskey went into the county wine cellar this morning when Deputy Sheriff R. H. Soule arrested Leon Burgess and Nels Jensen as they were returning from the customary trip east. Burgess is said to have had ten pints in his possession and Jensen had fourteen.  
Paul Johnson has taken the record for diversity of thirst and bootlegging proclivities, according to the officials, for he was arrested last night by Deputy William Brown and two bottles of kimmel, six quarts of whiskey, two and one-half pints of whiskey, one pint of wine and five sample bottles of whiskey were taken from his suit case.  
Bootleggers are being treated as regular criminals by the sheriff's office in that they are being photographed and good descriptions of them taken and preserved for future reference. Ordinary drunks do not come under this classification but those who violate the laws, regarding sale of booze or bringing it into the state, are going

down in the rogues' gallery as serious offenders. When they are convicted of a second offense, the penalty will amount to a severe punishment and this means has been adopted to keep check on them.

**HEAVY LOSSES  
FOR THE GERMANS**

PARIS, Dec. 27.—Artillery fighting continues on the Verdun where the French yesterday broke up two German attacks, the war office announces. Following is the statement:  
"On the right bank of the Meuse (Verdun front) the artillery battle continues on the front north of Caurieres wood."  
"Information now at hand shows that the attack carried out yesterday by the Germans in this region was very violent. After strong artillery preparation the enemy sent forward two shock battalions. They were dispersed by the French fire. In the second attempt parts of the enemy troops succeeded in approaching our positions but were immediately ejected in a spirited engagement."

"The enemy dead remaining on the ground between the lines and in the wire entanglements demonstrated the importance of the losses suffered by the Germans, who left prisoners in our hands."  
German troops yesterday attacked the French defenses northeast of Verdun on the east bank of the Meuse at Caurieres wood on a direct line north of Douaumont, the famous key point of the battle of 1916 from which it is slightly less than two miles distant. Two attacks followed a violent bombardment.  
The effort, according to the Paris reports, was a sanguinary failure. In the last attack the enemy succeeded in reaching the French lines. He was immediately ejected, however, losing heavily in killed, wounded and prisoners.

**HIT A "HOT TRAIL"**

Captain Sprinkle With Command Not Heard From Since Yesterday.

MARFA, Tex., Dec. 27.—Two troops of United States cavalry are "somewhere in Mexico" today pursuing the Mexican bandits who raided the Candelaria store postoffice and killed the military stage driver and his passengers Christmas morning.

No information was received at military headquarters today from the commands of Captains Fiske and Anderson who hit a "hot trail" late yesterday and followed it across the Rio Grande. Couriers are expected to reach the river signal corps station today with news from them.

It is possible Captain Sprinkle may also be across the border riding down another detachment of the bandits. Nothing has been heard from Captain Sprinkle since he sent a courier to Col. George T. Langhorne, district commander here, to report he killed eight bandits and was pursuing the remainder of the band. He also reported having found papers on the body of the bandits which are expected to establish the identity of the band which raided the Britte ranch and Candelaria store Christmas.
